JEEVAN SHIKSHA

Annual Report 2024-2025

Small Steps, Strong Impact

Editorial Message

Dear Readers,

I am pleased to share this edition of our annual report, which reflects the spirit, dedication, and collective efforts of Jeevan Shiksha in serving communities with care and commitment. Over the past years, our work has focused on improving health, education, mental well-being, gender equality, youth engagement, and environmental awareness at the grassroots level.

Our Mission is to develop and implement education on processes in collaboration with the community, especially children and youth, to enhance mutual understanding and to build a repository of knowledge from it. Through these initiatives, we continue to bring positive changes in the lives of children, youth, and families by raising awareness of them and encouraging open conversations among people.

I sincerely thank our dedicated team members, the Board of Trustees, community members, donors, partners, and well-wishers for their constant support and faith in our mission.

As we move forward, we remain committed to strengthening community-led initiatives and building a more inclusive, healthy, and empowered society.

Warm regards,
Proshik Das
Managing Trustee

ABOUT US

Jeevan Shiksha, as an organisation, was started in 2017 and has to working for marginalised communities in Assam and Uttarakhand. In Assam, we work with Adivasi tea garden communities. In Uttarakhand, we support the Van Gujjar community as many of them now live in settlements without proper access to health care and education. Our work began with education through community learning centres, like community libraries. Over time, it has included mental health, livelihoods, menstrual and maternal health, nature education, and access to government services. We started with the Mita Mental Health Project, and later introduced educational, cultural, and sports activities for children and youth. During COVID-19, we provided medical help, food, ambulance services, and relief in flood-affected areas.

Today, we also use sports to promote gender equality and run focused programmes on maternal and menstrual health in tea garden communities. Jeevan Shiksha works with partner organisations across India to strengthen community health, education, and youth leadership.

VISION

A collective understanding and exploration of life without division.

MISSION

To Develop & implement pedagogy of processes in collaboration with community, especially children and youth to enhance mutual understanding, and to build a repository of knowledge from it.

VALUES

Harmony
Integrity
Diversity
Honesty

HEALTH

1. MENTAL HEALTH

MITA is a Mental Health Treatment Alliance project supported by ANT. The project provides technical support, medicines, psychiatric services, counselling through a counsellor, and follow-up support by a social worker. Field visits are conducted to assess improvements in patients' conditions and educate and inform families regarding the illness. It also includes a poster campaign to spread mental health awareness.

Awareness Program (Street Play)

Street plays are organised to create awareness about mental health issues among community members. These plays are performed by university students who come for internships. Through simple and relatable performances in public spaces, the students convey important messages on mental well-being. The street plays encourage understanding, empathy, and open discussion about mental health within the community.

2. PHYSICAL HEALTH

Eye Camp

Jeevan Shiksha conducted an eye camp in collaboration with the National Programme for Control of Blindness (NPCB), Dibrugarh, at Chabua Model Hospital. Free eye check-ups were provided to people of Balijan. Doctors from Assam Medical College (AMC) visited and offered free consultations to all participants and even free spectacles and medicines were also provided.

Reproductive Health

This session covered menstrual hygiene practices, including the use of sanitary pads, tampons, and other affordable alternatives. Adolescents and women were given age-appropriate information on contraceptive pills and their safe use. Pregnancy-related topics were also discussed, such as the risks of early pregnancy, especially among malnourished mothers. Gender discussions were conducted to promote equality, consent, and mutual respect. Doctors also provided nutrition sessions, advising on healthy food choices and a proper diet during menstruation. Open discussions helped break taboos and encouraged adolescents to view menstruation and reproductive health with concern.

Awareness Program

An awareness program on "Anemia and Nutrition" was jointly organised by Centre For Social Work ,Dibrugarh University and Jeevan Shiksha at Balijan Tea Estate to create awareness about anemia, its causes, effects, and the importance of proper nutrition among the tea garden community. . As part of the program, CSWS student interns along with members of Jeevan Shiksha performed a street play highlighting causes of anemia and also gave awareness about prevention measures through this play. Following the performance, an interactive discussion was held where community members shared their experiences and asked questions related to anemia and nutrition.

My Pad ATM

The My Pad ATM initiative is supported by the Goonj organisation. It provides reusable cloth sanitary pads to community adolescent girls and women at an affordable cost of ₹20, helping improve menstrual hygiene access.

EDUCATION

Community Centres

We are currently operating 3 learning centers at Thanda, Natthu Chhod, and Gujjar Basti. All the 3 centres has 3 dedicated teachers who teach children primary education. Apart from this, children are also indulged in various games, sports, nature education, and other forms of art. Children are divided in groups as per their learning levels, and the teacher plans for each group separately. After they've done their primary education through these centers, we try to enroll the elder children into schools.

The reason why the younger children cannot go to school is because of their absolute remoteness and inaccessibility to the mainland. Thanda and Natthu Chhod, both are extremely remote village with no connectivity whatsoever. At Gujjar Basti, lack of awareness towards education and resources are other reasons why children are not enrolled in school despite the accessibility to it.

We want to further equip these centres with important infrastructure such as study tables for children and storage to keep books and other teaching and learning materials.

Community Library

The community library is supported by the Free Library Network and Bookworm. Field coordinators receive training to conduct reading and storytelling sessions. The programme also provides books to community students and promotes learning through story-based messages.

Creativity Adda

Creative Adda is a Sunday recreational programme for youth in Chabua. Every Sunday, young people visit the NGO to participate in various activities. These include movie screenings based on meaningful stories, craft sessions, storytelling, and dance activities. The programme offers an open and safe space for discussion, learning, and creativity.

SPORTS

Frisbee

Frisbee is a gender-neutral sport. In Balijan, Chabua, this game was introduced specifically for young girls to promote women's empowerment. The activity helped girls participate in sports and challenge community taboos related to girls.

ENVIRONMENT

Bird Watching:

Under the MAEE program in Uttarakhand, children are taken into nearby forests with an experienced nature guide for bird-watching activities. During these sessions, children learn to identify different bird species by their sounds, colours, and physical features, along with interesting stories about them. They are also taught about bird habitats, behaviour, and migration. Special focus is given to birds commonly found in the local area, helping children develop a strong connection with nature from an early age.

Nature Guide Sessions:

In these sessions, children explore forest areas under the guidance of trained facilitators. The aim is to create awareness about nature conservation, wildlife protection, and environmental responsibility. Through interactive discussions and hands-on field experiences, children learn the importance of protecting forests, biodiversity, and natural ecosystems.

Moth Week:

Moth Week is organised to increase children's awareness and understanding of moths. Throughout the week, children learn about the life cycle, habitat, and ecological role of moths. The week ends with a movie screening session, making the learning experience both fun and educational.

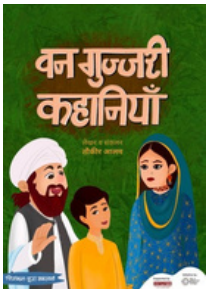

BOOK LAUNCH

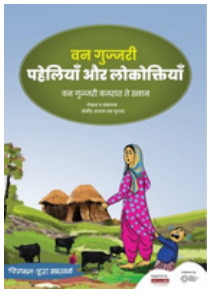

On April 13th 2024, Taukeer launched the four books he wrote with the support of Samvaad Fellowship. This is the first time Van Gujjari language has been scripted and published, thus making history in the long battle towards the preservation of indigenous culture and language.
The event was hosted by Cafe Laata in Dehradun and the session was facilitated by Lokesh Ohri.
The whole team of Maee attended the event, including Taukeer's two children who proudly launched the books on his behalf.
The event was filled with interesting conversations and insightful anecdotes. The books are available for sale.

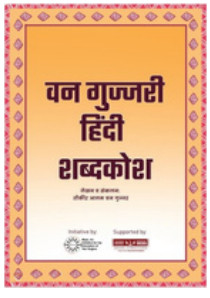

Bal Mela is undoubtedly our biggest event of the year, always. But this year's was extra special since we had one after more than 2 years. And it was spectacular in every way. The event was from October 8th to 14th, and saw more than 15 guests from Delhi to Maharashtra to Assam.

The activities included origami, science from waste, games and puzzles, painting and creating art (from leaves, sticks, colors etc.), making tiny models of traditional Van Gujjar homes, film screening, poster-making, tree walk, and a Sports Day Finale followed by Dawat-e-Taleem, which is a community feast.

The whole event was possible because of the financial support provided by the friends of Maee. Bal Mela is always an important event in our calendar since not only it allows us to learn and connect from so many of our friends, but also a great exposure for our kids and a chance to keep our connect with the community.

FINANCIAL STATEMENT

HARISH K AGARWAL & CO.
CHARTERED ACCOUNTANTS

Firm's Registration No. 325104E
PAN - AAOFH1411Q

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements:
We have audited the accompanying financial statements of **"JEEVAN SHIKSHA", VILL.MERELI PATHAR, P.O. CHABUA, DIST. DIBRUGARH, ASSAM-786184, PAN AACTJ 7149 P** which comprise the Balance Sheet as at 31st March 2025 and the statement of Receipt & payment and Income & Expenditure Account for the Year ended on that date.

Management's Responsibility for the Financial Statements:
Management is responsible for preparation of these financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards on auditing issued by The Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Institute's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.
